assisted, including during DNA identification, the airline said, adding that when the mortal remains are released by the hospital, at least one caregiver accompanies each family to facilitate the transportation as well as funerals, while ensuring the dignity and utmost respect for the deceased and their loved ones.

# Bengaluru bike taxi riders stage silent protest at Vidhan Soudha

PRESS TRUST OF INDIA  
Bengaluru, June 21

**A GROUP** of bike taxi riders protesting outside the Vidhana Soudha here on Saturday against the suspension of its operations following a Karnataka High Court directive were detained by the police here.

They sought urgent government intervention to lift the blanket ban and introduce a regulatory framework to govern bike taxi services.

According to the police, soon after they gathered in front of Vidhana Soudha, they were detained and dispersed from the spot by the police. A case has also been registered against them for violating guidelines, and attempting to protest in front of Vidhana Soudha without any prior permission. The riders

urged the state government to introduce a clear policy that would allow them to resume operations while addressing safety and regulatory concerns.

They stressed that bike taxis are an important part of Karnataka's transport ecosystem, providing jobs to thousands. Riders believe that with the right rules in place, bike taxis can continue to benefit everyone.

High bench of the Karnataka High Court refused to stay an earlier single-judge order that suspended bike taxi services in the state.

The division bench, comprising Acting Chief Justice V. Kamath and Justice Suresh H. Kumar, was hearing appeals filed by Uber India, ANI Technologies, and Ropen Transportation Services, among others.

# PFC raises ₹4,875 cr through issuance of two bonds

CHRISTINA TITUS  
Mumbai, June 21

**STATE-RUN POWER FINANCE CORPORATION** (PFCC) has raised ₹4,875 crore via reissuance of two bonds maturing in two years and five years on Friday. The cut-off yield for the 6.27% 2027 bonds and 6.49% 2030 bonds were 6.60% and 6.84%, respectively, according to bond dealers. The cut-off yields were higher than the expected level, they said. PFC planned to raise up to ₹5,000 crore, with a base size of ₹500 crore and green-shoe option of ₹2,000 crore through each bond.

There is a lot of uncertainty in the market because of the global scenario, coupled with the lack of clarity regarding the

next rate cut, which is pushing the yields higher, said a dealer with a private sector bank.

"The market is skewed down to short-term bonds between 2-5 year compared to 10 year because of the huge appetite on surging liquidity and large demand from mutual funds, which are turning anchor investors in most issuances. However, due to the continuous supply of short-term bonds, investors are becoming selective, looking at higher yields," said Venkat Krishnan Srinivasan, founder and managing partner, Rockfort Fincap.

Earlier in the month, PFC had withdrawn zero-coupon bond issuance worth ₹2,000 crore due to higher yields demanded by the investors.
